

Andras Neumark, MD is a native of Budapest, Hungary where his father was a physician. There he attended school as a child and young adult. He graduated with an MD degree from Semmelweis Medical University and subsequently worked as a Hospitalist for three years at St. Margaret Hospital.

Dr. Neumark decided to obtain additional training and went to Millard Filmore Hospital in Buffalo, NY where he completed a residency program in Internal Medicine. Following completion of residency he earned his Board Certification and joined Blue Ridge Medical Group in 1998. Dr. Neumark helped to establish the Sparta Office and worked there for two years. Since 2000 he has been located in the Elkin Medicine office. His special interests in patient care include cardiac stress testing, chronic wound management, joint injections and hospice care.

When he is not involved in patient care Dr. Neumark likes to ride his bike, jog, play tennis and read. He and his wife Katalin have four children and have lived in Elkin for twelve years. They are very active in their church and in local school activities. They are the very proud grandparents of a new grandson!

What is an Internal Medicine physician?

Internal medicine is the medical specialty dealing with the prevention, diagnosis and treatment of adult diseases. **Physicians specializing in internal medicine are called Internists.** Dr. Neumark cares for ambulatory patients (out-patients) acting as their primary care physician. In addition to preventive medicine, internists are trained to manage serious and complex illnesses for all ages of adult patients.

Why should I select an Internist as my doctor?

Internists receive additional training beyond medical school, typically two to three years, in order to achieve Board Certification in internal medicine. This additional training includes conditions of the heart, endocrine system, digestive system, blood, infectious disease, kidney, lungs/ respiratory, geriatric medicine and many other conditions affecting adults.

Why is Dr. Neumark a good choice for my doctor?

Dr. Neumark is Board Certified in Internal Medicine by the American Board of Internal Medicine. He has been in practice since 1998 so in addition to his training he has years of experience to offer each patient. Dr. Neumark is known for his excellent relations with patients, his ability to listen and his quiet thoughtful personality. Dr. Neumark has a reputation with patients as being a very caring physician with an excellent record of practicing high quality comprehensive medicine.

As an internist he works with younger adults encouraging them to lead a healthy lifestyle and with older patients he has the knowledge and experience to handle the issues of aging. Make your appointment today to see Dr. Neumark! He is accepting new patients and accepts most insurance, including Medicare and Medicaid.

Why is it important to be Board Certified?

Board Certification means that the doctor has completed specialist training in Internal Medicine and has passed the board exam for certification with the American Board of Internal Medicine. Continuing medical education is a requirement to keep board certification. This sets the standard for excellence in the practice of Internal Medicine and is the “Gold Standard” of the profession as the physician has achieved the highest levels of education.

Why is it important that Dr. Neumark is my doctor if I have to be hospitalized?

Dr. Neumark is an outpatient provider, but he belongs to Blue Ridge Medical Group which also provides care in the local hospital. If you are hospitalized at the local hospital you will be taken care of by one of our Blue Ridge Medical Group physicians. This provides for seamless care, close communication and excellence in continuity of care as information about your medical history is transferred quickly and completely by our physicians. You can have peace of mind knowing that you will have the highest standard of physician care if hospitalized.

What do other patients say about Dr. Neumark?

That he is very caring, very concerned about each person, he is very experienced, he is very thorough, and he focuses on preventive medicine to keep you on a healthy lifestyle!
